

**Half-day and  
Full-Day Sessions!**

# ALL FIRED UP Summer Camp 2012

**Two Convenient  
Studio Locations!**

**We have a great summer planned** with some new activities and techniques to share and explore together. We are following the same format, but changing the projects. The experience of working with wet clay is wonderful for kids of all ages. Painting pottery continues to be the most popular component to our summer camp. Kids will have a sketch book that they will use to develop ideas throughout the week and then take home with them on Friday. If kids sign up for multiple weeks, the teachers will give new projects, following the same format in order to keep the children's creativity going.

## Choose the week(s) that work best for your family.

## DAY 1 CLAY WIND CHIMES

Kids will make relief panels from clay to create wind chimes. Campers can choose a theme or story to carve and decorate clay slabs. We will provide string to hang the panels to your desired height.

## DAY 2 CLAY COIN BANKS

This project combines two things kids love—animals and banks! Campers will use a number of techniques to create this one of a kind collectible! Stoppers included!

## DAY 3 CLAY FRAMES

These unique, child-made frames and plaques will look great in any room in your home!

## DAY 4 POTTERY PAINTING

Kids will select any piece of pottery off the shelf (up to \$21). We will teach them new painting techniques like making paper stencils or using doilies to create fun shapes. The children can use these special techniques any time they visit All Fired Up.

## DAY 5 LAST DAY

Campers will finish up their projects and celebrate their week at All Fired Up with a pizza party!
